Karen Dukess has rendered a wonderful world to spend time in." —Taylor Jenkins Reid, New York Times bestselling author of *Daisy Jones & The Six* A propulsive tale of ambition and romance, set in the publishing world of 1980's New York and the timeless beaches of Cape Cod. In the summer of 1987, 25-year-old Eve Rosen is an aspiring writer languishing in a low-level assistant job, unable to shake the shadow of growing up with her brilliant brother. With her professional ambitions floundering, Eve jumps at the chance to attend an early summer gathering at the Cape Cod home of famed New Yorker writer Henry Grey and his poet wife, Tillie. Dazzled by the guests and her burgeoning crush on the hosts' artistic son, Eve lands a new job as Henry Grey's research assistant and an invitation to Henry and Tillie's exclusive and famed Book Party— where attendees dress as literary characters. But by the night of the party, Eve discovers uncomfortable truths about her summer entanglements and understands that the literary world she so desperately wanted to be a part of is not at all what it seems. The Coffee Break Novelist Kevin McLaughlin, 2017-07-18 *Writing in the Time We Have* We all have twenty four hours in a day, 365 days in a year. And in theory, how we spend that time is entirely up to us. In practice? Not so much! I bet you find that most of those hours are filled in for you. We have childcare, and work, and food prep, and bill paying, and housework, and yard work, and myriad other tasks that eat up bits and bites of that precious time, until there is very little left. And so most would-be novelists never write their books, because they "don't have time". They simply cannot figure out how to add anything else in. Many of us have trouble finding the time to brush our teeth more than once a day - fitting in a novel, too? It looks too big. Looms too large. It's a mountain of a task, and there seems to be no way to confront something that will chew up that many hours in the small bits of time we have available. In this book we'll address that lack of time, and we're also going to look at the novel as a set of smaller bites. By the time you are done, you will have all the tools you need to finish your novel - to fit that important work into your already busy life. Are you tired of not having the time to accomplish your

dream of writing a novel? Have you written a book before, but it took forever, and you don't know how you'll ever finish the next one? This book is for you.

Screenwriter, taught writers how to outline quickly, write efficiently, and rewrite creatively. It is the go-to book for getting one's story on the page. But now that same writer may be doing a final pass on a project, working with a producer, or coming up with a new project only to be hit with . . . RULES! Should the writer respond to this random list of do's and don'ts pertaining to structure, characters, dialogue, and formatting? Nope. Who says you have to follow the screenwriting rules? In this book Pilar reviews the rules writers assume they should follow, discusses why they're there in the first place, and then shows you ways to creatively break them! Rules evaluated include those addressing: storytelling devices like flashback and voiceover character rules such as empathy and backstory dialogue faux pas such as writing on the nose structural issues such as nonlinear writing and act-break placement formatting sticking points involving emotion and visuals For every rule that's discussed, Pilar covers: 1. Why the rule exists. 2. Why writers should break the rule. 3. How writers can break the rule. 4. How breaking the rule can break bad (so break with care).
