*Spon's Mechanical and Electrical Services Price* Davis Langdon,2009-01-21 Spon's Mechanical and Electrical Services Price Book 2009 continues to be the most comprehensive and best annual services engineering price book currently available. Prices have been overhauled in line with buoyant market conditions. A new infrastructure section includes typical connection scenarios and costs. Extensive revisions have been made to the renewable energy sections, with descriptions of biomass boilers, ground source heat pumps (boreholes) and photovoltaics. Sprinklers and luminaires have been brought in-line with new regulations. The new series of topical features continues, focusing on subjects which affect M&E costs within buildings; and design schematics are provided for several M&E services, including security and voice and data installations. This year, for the first time, the download includes a versatile and powerful ebook.

**Spon's Mechanical and Electrical Services Price** Mott,Green & Wa Mott,2002-08-15 Spon's Mechanical and Electrical Services Price Book 2003 is still the only annual services engineering price book available anywhere. This annual guide to pricing electrical and mechanical (HEVAC) services installation contains material prices, labour elements and

measured works prices for mechanical contracts from pipework to ductwork and heating systems to air conditioning. Electrical contacts are also covered, from power supply through to light switches. The M&E comes with a 'free' CDROM that enables the reader to view the entire book on screen, cut and paste prices into other tender documents, export to other major packages, perform simple calculations, index search, produce estimate and tender documents, adjust rates and data. With the added bonus of the Approximate Estimating sections enabling quick, rule-of-thumb pricing, with detailed data and analysis, the 2003 edition of the Mechanical and Electrical Services Price Book provides the definitive estimating toolkit for the construction, building and surveying industries. New Features for 2003 The approximate estimating section now includes: Wider range of building types for both elemental and all-in m2 rates All-in rates for pipework In the Measured works section: The electrical section is now in line with the CAWS that SMM7 follows Added information on access control and security detection and alarm The mechanical section includes more information on plant and equipment (i.e. chillers and heat rejection equipment, condensing boilers, terminal units, under floor heating, BMS and controls, and fire rated ductwork).
