Manual de fonética e fonologia da língua portuguesa Willis C. Fails,J. Halvor Clegg,2021-10-21 Escrito inteiramente em português, o Manual de fonética e fonologia da língua portuguesa é uma obra que abrange todos os aspectos fonéticos e fonológicos desse idioma, inclusive as questões de fonética acústica e auditiva, fonotática e traços suprasegmentais, que a maioria dos livros didáticos não aborda. Neste livro, o estudante encontrará uma introdução detalhada e exata, mas acessível, à fonética e à fonologia da língua portuguesa. Inclui capítulos introdutórios que contextualizam essas disciplinas no campo geral da linguística e salientam o papel dos sons e sua representação na comunicação humana. Principais características: ● Escrito por fonetistas qualificados e versados nas questões atuais da ciência fonética. ● Não é preciso já

saber linguística, pois o livro expõe todos os termos e conceitos linguísticos necessários. ● Cada capítulo conta com um resumo, uma lista de conceitos e termos, perguntas de revisão e exercícios de pronúncia relevantes destinados à prática dos conselhos e sugestões específicos do capítulo. ● Os capítulos que abordam a produção física dos sons contêm seções de Dicas Pedagógicas, Conselhos Práticos e Exercícios de Pronúncia que ligam a teoria aos aspectos práticos da boa pronúncia. ● Uma característica exclusiva deste livro é a exposição da fonética e fonologia das três principais normas cultas da língua portuguesa: a de São Paulo e do Rio de Janeiro para o português brasileiro (PB), e a de Lisboa para o português europeu (PE). ● Numerosas imagens, gráficos e tabelas para ilustrar claramente cada conceito. ● Recursos eletrônicos, disponíveis online nos materiais de eResource, com a pronúncia dos sons, frases e exercícios do livro. O Manual de fonética e fonologia da língua portuguesa é uma introdução abrangente a esses campos, escrita de modo a ser clara e acessível aos estudantes de português em nível avançado, para ajudá-los a entender como melhorar a própria pronúncia. O livro é excelente também tanto para alunos de pós-graduação, como para professores, linguistas e profissionais de letras. Written entirely in Portuguese, Manual de fonética e fonologia da língua portuguesa presents an accurate yet accessible introduction to Portuguese phonetics and phonology. The book covers all phonetic and phonological aspects of the language, including those often missing from other textbooks, such as acoustic and auditory phonetics, phonotactics, and suprasegmentals. The book maintains a careful balance between the theoretical and practical aspects of the topic and is designed to help learners improve their pronunciation through an understanding of the linguistic principles of phonetics and phonology combined with the application of these principles through exercises and practice. Additional pronunciation resources are available online at www.routledge.com/9780367179915. Written in a clear and accessible manner, the book is ideal for advanced students of Portuguese with no prior knowledge of linguistics.

Routledge Dicionario Técnico Inglés Routledge, 1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's A Comedy of Errors. Miola's edited work also features a comprehensive critical history, coupled with a full bibliography and photographs of major productions of the play from around the world. In the collection, there are five previously unpublished essays. The topics covered in these new essays are women in the play, the play's debt to contemporary theater, its critical and performance histories in Germany and Japan, the metrical variety of the play, and the distinctly modern perspective on the play as containing dark and disturbing elements. To compliment these new essays, the collection features significant scholarship and commentary on The Comedy of Errors that is published in obscure and difficult accessible journals, newspapers, and other sources. This collection brings together these essays for the first time.
