Entre realidades e controvérsias da Justiça Restaurativa na execução da medida socioeducativa de internação

Daniele Medeiros Pereira, 2024-03-15 A presente obra apresenta de forma inédita toda a trajetória da Justiça Restaurativa na FUNASE, inclusive, percepções das adolescentes encarceradas, funcionários e equipe técnica, sobre as práticas de Justiça Restaurativa aplicadas no Centro Socioeducativo Santa Luzia ? PE, unidade feminina de cumprimento da medida socioeducativa de internação. A investigação ganha relevo na medida em que se tem como hipótese que o espaço para práticas pautadas em valores da Justiça Restaurativa (JR) é reduzido, dado o ambiente de privação de liberdade, marcadamente hierarquizante e disciplinador, cercado por contradições, consubstanciadas na própria ambiguidade da natureza jurídica das medidas socioeducativas (educar/punir) que acaba por moldar as lógicas de atuação presentes nesses espaços. Percebeu-se que, à forma como vem sendo praticada no âmbito da socioeducação, a Justiça restaurativa não cumpre o papel inovador, assumindo, inclusive, facetas punitivas. Portanto, foi possível observar: a) confusão entre JR e a prática de

círculos; b) que a prática dos círculos é voltada essencialmente para as adolescentes e com intuito disciplinar; c) que os princípios e valores da JR não são guias das práticas realizadas na unidade. Quanto aos aspectos positivos, observou-se a abertura institucional para abordagens dialógicas e humanizadas, além do comprometimento pessoal daqueles(as) que atuam com a JR nas unidades socioeducativas.

A Atuação da Sociedade Civil na Elaboração do Planejamento do Governo Municipal de Palmas-TO (2013 a 2019) Sérgio Celestino Costa, 2022-07-25 Este livro originou-se da dissertação de mestrado Uma análise da atuação da Sociedade Civil na elaboração do planejamento do Governo Municipal de Palmas-TO, no período de 2013 a 2019, defendida em 2019 na Universidade Federal do Tocantins, Programa de Pós-Graduação em Gestão de Políticas Públicas, câmpus de Palmas. Essa pesquisa contou com a orientação da Professora Juliana Ricarte Ferraro. Este trabalho destaca que a elaboração de planejamentos públicos com a participação da sociedade civil tem se expandido nas esferas federal, estadual e municipal, e tem utilizado como base, sobretudo, a experiência de Porto Alegre-RS com o Orçamento Participativo, que começou a ser praticado no final da década de 1980. Assim, os efeitos da participação nos planejamentos públicos têm sido alvo de muitas pesquisas que também procuram compreender outros aspectos nesses contextos, como o funcionamento dos mecanismos que propiciam inclusão de participantes, interação e tomadas de decisões nesses processos. Logo, este trabalho selecionou como objeto de estudo o planejamento do município de Palmas-TO, com o objetivo de verificar qual foi a contribuição da sociedade civil na construção dos planos plurianuais, no período que vai de 2013 a 2019. Para realizar essa incumbência, utilizou-se fontes de dados documentais primárias e secundárias e, também, informações coletadas por meio de entrevistas semiestruturadas.

Gangorra Laécio Noronha Xavier, 2022-04-19 Balizado por conceitos de estratégia e tática, apresenta-se a lista fria das Matrizes Táticas da Nova Política de Segurança Pública (NESP) do Ceará implantada em 2019, repassa-se críticas a sua denominação, conceito, desenho institucional, responsabilização de atores e conjugação de ações táticas não representativos de uma política permanente de Estado com doutrina, organograma e plano tático normatizados. Os resultados da gestão da Segurança Pública cearense alcançaram o clímax de Instabilidade Infraestrutural e o limiar nas variáveis eficiência técnica e fatores aleatórios da Fronteira Estocástica de Produção. Tal gangorra de índices, especialidades, custos e discursos da Segurança Pública evidencia um voo de galinha com marketing de méritos próprios dos gestores quando Crimes Violentos Letais Intencionais (CVLI) e Crimes Violentos Patrimoniais (CVP) são reduzidos em dado período (síndrome do pavão), e falta de explicações ou culpabilização das causas exógenas dos dirigentes quando tais números aumentam em outros anos (complexo de avestruz). Somente os processos históricos pensados da Gestão de Excelência podem gerar resultados não oscilantes numa política pública setorial. Não existem atalhos para mudança de realidade na Segurança Pública do Ceará e da maioria dos estados brasileiros.

Direitos garantidos para quem? Os desafios da política pública de sócio educação referente à aprendizagem profissional dos jovens Jaqueline da Silva Piccioni, 2021-05-20 A reflexão contida neste livro promove o aumento da percepção que os profissionais inseridos na implementação da Políticas Públicas assumem como partícipes da sociedade atual enquanto agentes de transformação nas políticas sociais em relação à construção social da juventude e à estreita ligação desta com o ato infracional.

Sistema Único de Assistência Social: Experiências da Proteção Social no Município do Recife Edistia Maria Abath, Geruza Felizardo, Edson Lima, 2022-08-02 O livro Sistema Único de Assistência Social: experiências da proteção social no município do Recife reúne práticas profissionais na gestão e execução dos serviços da política pública de assistência social a partir de uma lógica participativa, democrática e de defesa dos direitos das pessoas que necessitam. Esta obra é construída no chão do cotidiano da assistência social, por meio de estudos e reflexões, com trabalhadoras(es) e gestoras(es), desde seus princípios orientadores até as letras e expressões que revelam o pensar e fazer nos serviços socioassistenciais. A cada capítulo haverá o alvorecer de uma nova visão no contexto do aprimoramento institucional do SUAS na prefeitura do Recife, com exemplos dinâmicos e possíveis de serem transformados para outros municípios brasileiros. Todas(os) as educadoras(es) sociais, assistentes sociais, psicólogas(os), pedagogas(os), advogadas(os), sociólogas(os) e outras(os) profissionais que desfrutarem desta leitura poderão entender mais sobre possibilidades de atuação na política pública da assistência social e compartilhar novos fazeres com as equipes e lideranças. Por um SUAS que resiste nesses tempos difíceis, esta obra engaja mais pensamentos e movimentos nas trincheiras de luta por um Brasil democrático, laico e justo.

II Catálogo de buenas prácticas municipales en la prevención del abandono escolar y la prevención y atención del acoso escolar , Una de las competencias obligatorias compartidas en materia educativa que tienen asignadas los Ayuntamientos es la de participar en la vigilancia del cumplimiento de la escolaridad obligatoria. Normalmente esta competencia se ejerce a través de la participación municipal en las comisiones de escolarización, pero también se ejerce a través de los programas de prevención y control del absentismo escolar y de los programas de prevención y atención del acoso escolar.

Deprivation and Delinquency D.W. Winnicott, 2013-04-15 D. W. Winnicott (1896-1971) was one of the giants of child psychiatry and analysis. Whether writing or talking, he always argued eloquently for an increased sensitivity to children, their development and their needs. His books such as *Playing and Reality* and *The Family and Individual Development*, are now considered classics in the field of child development. *Deprivation and Delinquency* is an invaluable compilation of his papers, talks, letters and lectures between 1930 and 1970, centred on the theme of the relationship between antisocial behaviour, or more chronically delinquency, and childhood experiences of deprivation. Linking passages by the editors set

the historical context for four sections focusing on children under stress, the nature and origin of antisocial tendency, the practical management of difficult children, and individual therapy with the antisocial personality.
