**CATIMBÓ - JUREMA SAGRADA** Tilo Plöger,2022-04-19 This book is the first and for the time being only comprehensive theoretical and practical work on the Indian tradition of the Brazilian Catimbó. On almost 600 pages, the concepts, the organization, the mythology, the rituals, the terms of this centuries-old Indian shamanic tradition are discussed. A book for anyone interested in shamanic traditions. The book is also aimed at those who deal with these traditions in practice and are looking for concrete tips for the traditional ritual implementation. The tradition of Catimbó, which is native to northeastern Brazil, is an enrichment especially for those who are already familiar with the Amazonian traditions of Ayahuasca and Kambô.

**American Elsewhere** Robert Jackson Bennett,2013-02-12 From one of our most talented and original new literary voices

comes the next great American supernatural novel: a work that explores the dark dimensions of the hometowns and the neighbors we thought we knew. Some places are too good to be true. Under a pink moon, there is a perfect little town not found on any map: Wink, New Mexico. In that town, there are quiet streets lined with pretty houses, houses that conceal the strangest things. After a couple years of hard traveling, ex-cop Mona Bright inherits her long-dead mother's home. And the closer Mona gets to her mother's past, the more she understands that the people of Wink are very, very different . . . Perfect for fans of Stephen King and Neil Gaiman. -- Library Journal

**Puertas adentro** Aníbal Parodi, 2005 Puertas adentro, dentro y fuera, interior y exterior, envolvente y espacio. Existen, sin duda, pocos diálogos que se vinculen de un modo tan determinante con la identidad más íntima del hecho arquitectónico. Parecería que todo el conflicto que supone la concepción del espacio se resume, precisamente, en la magia que integra y divide estos hemisferios complementarios en permanente interacción. El presente trabajo decide explorar el fenómeno de la interioridad desde la determinante investigación espacial que supone el diseño de la vivienda. Se aleja voluntariamente del espíritu comprensivo y registral de los textos de historia de la arquitectura y se concentra en un universo considerablemente reducido respecto a la producción sumamente interesante del siglo pasado. Tan solo diecisiete viñetas para presentar el flujo del pensamiento arquitectónico en el transcurso de todo un siglo. Esta selección de ejemplos - presentada en orden cronológico - intenta desplegar un abanico lo más completo posible de las distintas actitudes de aproximación al diseño del espacio interior y su equipamiento, para lo cual se recurre tanto a ejemplos paradigmáticos como periféricos a los supuestos centros de producción cultural. El trabajo se complementa con una presentación interactiva en CD-ROM. El proceso de investigación se deja, sin embargo, voluntariamente abierto, lo que estimula el desarrollo de otras historias -transversales y complementarias- que arrojen nueva luz sobre el fascinante universo del espacio interior.
