Video Marketing Made Simple For Business Owners Raymond Wayne,2020-09-18 Video Marketing is literally on fire! Embrace the Power and Potential of Video Marketing And use this medium to catapult your web business to the next level. Check out on “ Video Marketing Made Simple For Business Owners ” Finally, you have this once in lifetime opportunity to get your hands on the video marketing tools & Strategies that are generating million dollar revenues . Businesses invest a lot of time determining who their target demographic is, and for good reason. When a business knows which demographic is buying and using their product, it’s going to be easier to market to that demographic. Middle-aged women are going to respond to ads differently than millennials; and what one group finds engaging and interesting, another may not. So it’s important for businesses to understand what demographic they are targeting so they get the marketing just right for them. But, businesses don’t have to go to such trouble when they’re using video marketing because video marketing reaches every demographic and is interesting to every demographic. And this is because men and women, and people of every age, love video. As long as it’s interesting and creative, people will like a video regardless of their background or history. This can be a bonus for businesses that know who their demographic is, simply because more people will share it and like it, even if they don’t make up part of the business’ demographic. But it’s also especially good news for businesses with a shifting demographic, or for those that don’t know how makes up their demographic. That happens sometimes when a business changes directions or changes their product or service slightly, and then they have to start back at square one with their marketing efforts. But when a business has already created videos as part of their marketing plan, they don’t have to change a thing because those videos will already be suitable for every demographic. Imagine one type of marketing that appeals to every single demographic. It seems too good to be true, but it’s not. That type of marketing is video marketing, and reaching every demographic is just one very good reason why every business should be investing in it.

Asian Video Cultures Joshua Neves,Bhaskar Sarkar,2017-11-16 The contributors to this volume theorize Asian video cultures in the context of social movements, market economies, and local popular cultures to complicate notions of the Asian experience of global media. Whether discussing video platforms in Japan and Indonesia, K-pop reception videos, amateur

music videos circulated via microSD cards in India, or the censorship of Bollywood films in Nigeria, the essays trace the myriad ways Asian video reshapes media politics and aesthetic practices. While many influential commentators overlook, denounce, and trivialize Asian video, the contributors here show how it belongs to the shifting core of contemporary global media, thereby moving conversations about Asian media beyond static East-West imaginaries, residual Cold War mentalities, triumphalist declarations about resurgent Asias, and budding jingoisms. In so doing, they write Asia's vibrant media practices into the mainstream of global media and cultural theories while challenging and complicating hegemonic ideas about the global as well as digital media. Contributors. Conerly Casey, Jenny Chio, Michelle Cho, Kay Dickinson, Bishnupriya Ghosh, Feng-Mei Heberer, Tzu-hui Celina Hung, Rahul Mukherjee, Joshua Neves, Bhaskar Sarkar, Nishant Shah, Abhigyan Singh, SV Srinivas, Marc Steinberg, Chia-chi Wu, Patricia Zimmerman
