Manifesto Bernardine Evaristo, 2021-10-07 'This honest, engaging memoir shares such gems . . . the perfect read for anyone who dreams big' The Times and Sunday Times, Books of the Year The powerful, urgent memoir and manifesto on never giving up from Booker prize-winning trailblazer, Bernardine Evaristo In 2019, Bernardine Evaristo became the first black woman to win the Booker Prize since its inception fifty years earlier - a revolutionary landmark for Britain. Her journey was a long one, but she made it, and she made history. *Manifesto* is her intimate and fearless account of how she did it. From a childhood steeped in racism from neighbours, priests and even some white members of her own family, to discovering the arts through her local youth theatre; from stuffing her belongings into bin bags, always on the move between temporary homes, to exploring many romantic partners both toxic and loving, male and female, and eventually finding her soulmate; from setting up Britain's first theatre company for Black women in the eighties to growing into the trailblazing writer, theatre-maker, teacher, mentor and activist we see today - Bernardine charts her rebellion against the mainstream and her life-long commitment to community and creativity. And, through the prism of her extraordinary experiences, she offers vital insights into the nature of race, class, feminism, sexuality and ageing in modern Britain. Bernardine Evaristo's life story is a manifesto for courage, integrity, optimism, resourcefulness and tenacity. It's a manifesto for anyone who has ever stood on the margins, and anyone who wants to make their mark on history. It's a manifesto for being unstoppable. 'Raw and emotive . . . a powerful account of how Evaristo got to the top of her game - it's moving, but there's also much humour and joy' Independent 'Bernardine Evaristo is one of those writers who should be read by everyone, everywhere' Elif Shafak 'Bernardine Evaristo is one of Britain's best writers, an iconic and unique voice, filled with warmth, subtlety and humanity. The Manifesto for Teaching Online Sian Bayne, Peter Evans, Rory Ewins, Jeremy Knox, James Lamb, 2020-09-15 An update to a provocative manifesto intended to serve as a platform for debate and as a resource and inspiration for those teaching in online environments. In 2011, a group of scholars associated with the Centre for Research in Digital Education at the University of Edinburgh released “The Manifesto for Teaching Online,” a series of provocative statements intended to articulate their pedagogical philosophy. In the original manifesto and a 2016 update, the authors counter both the “impoverished” vision of education being advanced by corporate and governmental edtech and higher education’s traditional

view of online students and teachers as second-class citizens. The two versions of the manifesto were much discussed, shared, and debated. In this book, Siân Bayne, Peter Evans, Rory Ewins, Jeremy Knox, James Lamb, Hamish Macleod, Clara O'Shea, Jen Ross, Philippa Sheail and Christine Sinclair have expanded the text of the 2016 manifesto, revealing the sources and larger arguments behind the abbreviated provocations. The book groups the twenty-one statements ("Openness is neither neutral nor natural: it creates and depends on closures"; "Don't succumb to campus envy: we are the campus") into five thematic sections examining place and identity, politics and instrumentality, the primacy of text and the ethics of remixing, the way algorithms and analytics "recode" educational intent, and how surveillance culture can be resisted. Much like the original manifestos, this book is intended as a platform for debate, as a resource and inspiration for those teaching in online environments, and as a challenge to the techno-instrumentalism of current edtech approaches. In a teaching environment shaped by COVID-19, individuals and institutions will need to do some bold thinking in relation to resilience, access, teaching quality, and inclusion.

SCUM Manifesto Valerie Solanas, 2016-04-05 Classic radical feminist statement from the woman who shot Andy Warhol "Life in this society being, at best, an utter bore and no aspect of society being at all relevant to women, there remains to civic-minded, responsible, thrill-seeking females only to overthrow the government, eliminate the money system, institute complete automation and destroy the male sex." Outrageous and violent, SCUM Manifesto was widely lambasted when it first appeared in 1968. Valerie Solanas, the woman who shot Andy Warhol, self-published the book just before she became a notorious household name and was confined to a mental institution. But for all its vitriol, it is impossible to dismiss as the mere rantings of a lesbian lunatic. In fact, the work has proved prescient, not only as a radical feminist analysis light years ahead of its time—predicting artificial insemination, ATMs, a feminist uprising against underrepresentation in the arts—but also as a stunning testament to the rage of an abused and destitute woman. In this edition, philosopher Avital Ronell's introduction reconsiders the evocative exuberance of this infamous text.

The Communist Manifesto Karl Marx, Friedrich Engels, 1985 With an introduction and notes by A.J.P. Taylor. Follows the progress of the Manifesto and examines the relevance of its nineteenth-century ideas to modern politics.

Manifesto Mary Ann Caws, 2001 An anthology of international manifestos from nineteenth and twentieth century movements in art, literature, and culture, which chronicle the opinions of modern intellectuals about the direction of aesthetics and society. --

The Motivation Manifesto Brendon Burchard, 2014-10-28 The Motivation Manifesto is a poetic and powerful call to reclaim your life and find your own personal freedom from Brendon Burchard - the world's #1 high performance coach and #1 New York Times bestselling author of High Performance Habits. "It's a triumphant work that transcends the title, lifting the reader from mere motivation into a soaringly purposeful and meaningful life. I love this book. —Paulo Coelho The

Motivation Manifesto is a call to claim our personal power. World-renowned high performance trainer Brendon Burchard reveals that the main motive of humankind is the pursuit of greater Personal Freedom. We desire the grand liberties of choice—time freedom, emotional freedom, social freedom, financial freedom, spiritual freedom. Only two enemies stand in our way: an external enemy, defined as the social oppression of who we are by the mediocre masses, and an internal enemy, a sort of self-oppression caused by our own doubt and fear. The march to Personal Freedom, Brendon says, can be won only by declaring our intent and independence, stepping into our personal power, and battling through self-doubt and the distractions of the day until full victory is won. Recalling the revolutionist voices of the past that chose freedom over tyranny, Brendon motivates us to free ourselves from fear and take back our lives once and for all. In this life-changing personal growth book, Brendon presents his nine declarations for personal power and motivation, drawing on insights from his own personal journey and from the lives of some of history's greatest leaders and thinkers. Each chapter focuses on one of the nine declarations, offering practical strategies and exercises to help you apply these principles to your life. Whether you're seeking to overcome self-doubt, boost your confidence, or achieve your goals, The Motivation Manifesto is an invaluable guide to unlocking your full potential. With its inspiring message and actionable advice, this bestselling book is a must-read for anyone who wants to unleash their inner greatness with the power of determination, resilience, and an empowering mindset.

American Manifesto Bob Garfield, 2020-01-14 Do you fear for our democracy? Are you ready to throw in the towel? Don't! This is your guidebook to reassembling our hyperpolarized American society in six (not-so-easy) steps, written by the cohost of WNYC's On the Media. As is often observed, Trump is a symptom of a virus that has been incubating for at least fifty years. But not often observed is where the virus is imbedded: in the psychic core of our identity. In American Manifesto: Saving Democracy from Villains, Vandals, and Ourselves, popular media personality Bob Garfield examines the tragic confluence of the American preoccupation with identity and the catastrophic disintegration of the mass media. Garfield investigates how we've gotten to this moment when our identity is threatened by both the left and the right, when *e pluribus unum* is no longer a source of national pride, and why, when looking through this lens of identity, the rise of Trumpism is no surprise. Overlaying this crisis is the rise of the Facebook-Google duopoly and the filter bubble of social media, where identity is insular and immutable. But fear not! WNYC's On the Media cohost Garfield has ideas about how we may counter the forces of fragmentation—the manifesto itself: six steps to take to reassemble our fractured society. A quick, fascinating read, American Manifesto offers not only a vision of a country in extremis, but also a plan for how to address the ways in which our democracy is imperiled. Provocative, profound, and sometimes hilariously profane, American Manifesto is a call to action like no other.

Manifesto for a Moral Revolution Jacqueline Novogratz, 2020-05-05 An instant classic. —Arianna Huffington Will

inspire people from across the political spectrum. —Jonathan Haidt Longlisted for the Porchlight Business Book of the Year Award, an essential shortlist of leadership ideas for everyone who wants to do good in this world, from Jacqueline Novogratz, author of the New York Times bestseller *The Blue Sweater* and founder and CEO of Acumen. In 2001, when Jacqueline Novogratz founded Acumen, a global community of socially and environmentally responsible partners dedicated to changing the way the world tackles poverty, few had heard of impact investing—Acumen’s practice of “doing well by doing good.” Nineteen years later, there’s been a seismic shift in how corporate boards and other stakeholders evaluate businesses: impact investment is not only morally defensible but now also economically advantageous, even necessary. Still, it isn’t easy to reach a success that includes profits as well as mutually favorable relationships with workers and the communities in which they live. So how can today’s leaders, who often kick off their enterprises with high hopes and short timetables, navigate the challenges of poverty and war, of egos and impatience, which have stymied generations of investors who came before? Drawing on inspiring stories from change-makers around the world and on memories of her own most difficult experiences, Jacqueline divulges the most common leadership mistakes and the mind-sets needed to rise above them. The culmination of thirty years of work developing sustainable solutions for the problems of the poor, *Manifesto for a Moral Revolution* offers the perspectives necessary for all those—whether ascending the corporate ladder or bringing solar light to rural villages—who seek to leave this world better off than they found it.

The Media Manifesto Natalie Fenton, Des Freedman, Justin Schlosberg, Lina Dencik, 2020-08-04 Our media systems are in crisis. Run by unaccountable corporations and dominated by agendas and algorithms that are shrouded in mystery, these formerly trusted sources of information and entertainment have lost their way. As consumers, we have plenty of choice, but as citizens we have an abundance of misinformation and misrepresentation. In this incisive manifesto, four prominent media scholars and activists put forth a roadmap for radical reform of concentrated media power. They argue that we should put media justice, economic democracy and social equality at the heart of our scholarship and our campaigning. The Media Manifesto delivers a sharp analysis of our communications crisis and a passionate call for urgent change. It provides resources of hope for media reform movements across the globe.

Book Hugh McGuire, Brian Francis O’Leary, 2012 The ground beneath the book publishing industry dramatically shifted in 2007, the year the Kindle and the iPhone debuted. Widespread consumer demand for these and other devices has brought the pace of digital change in book publishing from it might happen sometime to it’s happening right now--and it is happening faster than anyone predicted. Yet this is only a transitional phase. *Book: A Futurist’s Manifesto* is your guide to what comes next, when all books are truly digital, connected, and ubiquitous. Through this collection of essays from thought leaders and practitioners, you’ll become familiar with a wide range of developments occurring in the wake of this digital book shakeup: Discover new tools that are rapidly transforming how content is created, managed, and distributed Understand the

increasingly critical role that metadata plays in making book content discoverable in an era of abundance Look inside some of the publishing projects that are at the bleeding edge of this digital revolution Learn how some digital books can evolve moment to moment, based on reader feedback

The Checklist Manifesto Atul Gawande, 2010-04-01 The New York Times bestselling author of *Being Mortal* and *Complications* reveals the surprising power of the ordinary checklist We live in a world of great and increasing complexity, where even the most expert professionals struggle to master the tasks they face. Longer training, ever more advanced technologies—neither seems to prevent grievous errors. But in a hopeful turn, acclaimed surgeon and writer Atul Gawande finds a remedy in the humblest and simplest of techniques: the checklist. First introduced decades ago by the U.S. Air Force, checklists have enabled pilots to fly aircraft of mind-boggling sophistication. Now innovative checklists are being adopted in hospitals around the world, helping doctors and nurses respond to everything from flu epidemics to avalanches. Even in the immensely complex world of surgery, a simple ninety-second variant has cut the rate of fatalities by more than a third. In riveting stories, Gawande takes us from Austria, where an emergency checklist saved a drowning victim who had spent half an hour underwater, to Michigan, where a cleanliness checklist in intensive care units virtually eliminated a type of deadly hospital infection. He explains how checklists actually work to prompt striking and immediate improvements. And he follows the checklist revolution into fields well beyond medicine, from disaster response to investment banking, skyscraper construction, and businesses of all kinds. An intellectual adventure in which lives are lost and saved and one simple idea makes a tremendous difference, *The Checklist Manifesto* is essential reading for anyone working to get things right.

The Communist Manifesto Mark Cowling, 1998-03 Following the translated English text of Karl Marx's 1848 *Manifesto of the Communist Party*, 14 contributors--members of the Political Studies Association (UK) Marxism Specialist Group--dissect this surprisingly brief for so seminal a document in four sections: as text and context (e.g. Michael Levin's *The Hungry Forties: The Socioeconomic Context...*, in relation to revolution (Paxton's *Marx's Theory of History and the Russian Revolution*), the role of the working class (Wilks-Heeg's *The Communist Manifesto and Working-class Parties in Europe*), and its relevancy today (Burnham's *The Communist Manifesto as International Relations Theory*). The History Manifesto Jo Guldi, David Armitage, 2014-10-02 How should historians speak truth to power - and why does it matter? Why is five hundred years better than five months or five years as a planning horizon? And why is history - especially long-term history - so essential to understanding the multiple pasts which gave rise to our conflicted present? *The History Manifesto* is a call to arms to historians and everyone interested in the role of history in contemporary society. Leading historians Jo Guldi and David Armitage identify a recent shift back to longer-term narratives, following many decades of increasing specialisation, which they argue is vital for the future of historical scholarship and how it is

communicated. This provocative and thoughtful book makes an important intervention in the debate about the role of history and the humanities in a digital age. It will provoke discussion among policymakers, activists and entrepreneurs as well as ordinary listeners, viewers, readers, students and teachers. This title is also available as Open Access.

The Socialist Manifesto Bhaskar Sunkara, 2019-04-30 The success of Jeremy Corbyn's left-led Labour Party and Bernie Sanders's 2016 presidential campaign revived a political idea many had thought dead. But what, exactly, is socialism? And what would a socialist system look like today? In *The Socialist Manifesto*, Bhaskar Sunkara, editor of *Jacobin* magazine, argues that socialism offers the means to achieve economic equality, and also to fight other forms of oppression, including racism and sexism. The ultimate goal is not Soviet-style planning, but to win rights to healthcare, education, and housing and to create new democratic institutions in workplaces and communities. The book both explores socialism's history and presents a realistic vision for its future. A primer on socialism for the 21st century, this is a book for anyone seeking an end to the vast inequities of our age.

The Communist Manifesto Karl Marx, 2015-11-24 One of the world's most influential political treatises, *The Communist Manifesto* outlines the base principles of communism as they relate to class struggle, economics, and politics. Originally published in 1848 as the *Manifesto of the Communist Party*, *The Communist Manifesto* was foundational to the development of modern communism and socialism. Be it mystery, romance, drama, comedy, politics, or history, great literature stands the test of time. ClassicJoe proudly brings literary classics to today's digital readers, connecting those who love to read with authors whose work continues to get people talking. The Win Without Pitching Manifesto Blair Enns, 2018

The Journalism Manifesto Barbie Zelizer, Pablo J. Boczkowski, C. W. Anderson, 2021-12-20 Drawing on the collaborative expertise of three senior scholars, *The Journalism Manifesto* makes a powerful case for why journalism has become outdated and why it is in need of a long-overdue transformation. Focusing on the relevance of elites, norms and audiences, Zelizer, Boczkowski and Anderson reveal how these previously integral components of journalism have become outdated: Elites, the sources from which journalists draw much of their information and around whom they orient their coverage, have become dysfunctional; The relevance of norms, the cues by which journalists do newswork, has eroded so fundamentally that journalists are repeatedly entrenching themselves as negligible and out of sync; and because audiences have shattered beyond recognition, the correspondence between what journalists think of as news and what audiences care about can no longer be assumed. This authoritative manifesto argues that journalism has become decoupled from the dynamics of everyday life in contemporary society and outlines pathways for fixing this essential institution of democracy. It is a must-read for students, scholars and activists in the fields of journalism, media, policy, and political communication.

We: A Manifesto for Women Everywhere Gillian Anderson, Jennifer Nadel, 2017-03-07 Explores how women can use

psychological and spiritual tools to create a more fulfilling way of life and to attain happiness and freedom from the have-it-all superwoman culture.

Demand the Impossible! Bill Ayers, 2016-09-19 The insurgent activist and educator shares a vital rally cry for today's movement-makers in "a manifesto that should be read by everyone" (Angela Y. Davis). In an era defined by mass incarceration, endless war, economic crisis, catastrophic environmental destruction, and a political system offering more of the same, radical social transformation has never been more urgent—or seemed more remote. Demand the Impossible! urges us to imagine a world beyond what this rotten system would have us believe is possible. In critiquing the world around us, Bill Ayers uncovers cracks in that system. He raising the horizons for radical change and envisions new strategies for building the movement we need to make a better world for everyone.

Democratizing Our Data Julia Lane, 2021-10-19 A wake-up call for America to create a new framework for democratizing data. Public data are foundational to our democratic system. People need consistently high-quality information from trustworthy sources. In the new economy, wealth is generated by access to data; government's job is to democratize the data playing field. Yet data produced by the American government are getting worse and costing more. In *Democratizing Our Data*, Julia Lane argues that good data are essential for democracy. Her book is a wake-up call to America to fix its broken public data system.
